

### Winter International Breakdown

Serial	Issue	Action
1.	There were a number of errors in the CACIB catalogue where ineligible dogs were not highlighted.	This is something new and a lesson is that entries can not close late as there is insufficient time to review all entries in the Junior and Champion Classes
2.	There were a number of dogs under 15 months entered in the Open class at the CACIB Show.	Easy dog will not pick this up and the convenor needs to confirm the ages of the dogs in the Open class and reassign to the appropriate class. Again not considered early so a lesson learnt
3.	Better briefing of stewards on placing and awarding grading	Excellent ribbons to be handed out by the judge
4.		Only first 3 place getters graded
	<b>Additional Comments</b>	
5	An additional catalogue is required for the ANKC (Not required to be marker)	Convener
6	A CACIB list is to be provided to the ANKC	Convener
7	If possible place a large breed list in a window for exhibitors to read so they where and when they are being judged	Committee
